LATE ADDITIONS

A few last minute additions to fill in the remaining page. I usually put a photo of part of my china collection in this space, so maybe these extra items will pay for a couple more good pieces for my own collection.

A **Sixth plate tintype identified on back as "J Fairchild 7th Tenn". From the Roster of Confederate Soldiers (Hewett/Broadfoot), this would be Jesse Fairchild, Co D, 7th Tenn Infantry. Carrying percussion musket with cartridge box or other accoutrement over his shoulder. Image is hazy (dull surface) on left side. 1,600.**

B **Rare multicolor litho 20X28 "The Ten White Men and Two Negroes Who Defrauded the American People out of their Choice for President in 1876". The hastily created Electoral Commission was tilted to the Republicans, and all the disputed votes wound up going to Hayes. This litho is concerned with Louisiana and Florida, where the greatest frauds supposedly took place. Garfield and Justice Bradley head the list of the guilty parties. Several edge tears, a little minor soiling, fine. 1,250.**

C **Very rare 2" Battersea enamel box with kneeling slave "Am I Not a Man and a Brother". Brown transfer on white lid, pink base. A couple thin hairline cracks at edge of enamel as often found, not affecting the scene. Brilliant finely detailed scene (catalog photo came out a bit light), crisp & sharp. Fine plus, would be near mint but for the 2 hairlines. 3,750.**

D **Lincoln-Johnson silk printed in black on bright green silk. I haven't seen a Lincoln ribbon in this color before. A little light discoloration, mainly in upper right corner, overall fine. 3,650.**

E **Unique large watercolor sign in custom frame 19X25, Rheumatism Plaster of Absalon Patenaude, 405 Moody St, Lowell Mass. Text in both English and French, colorful scene of the "doctor" applying it to patients back. Claims for its use printed at sides. Artist signed AW Parent. Near mint 1,250.**

1 One of the all time great political broadsides – King Andrew in royal robes trampling the Constitution, the Judiciary and the US Bank. 12 X 26, linen backed. Couple very small minor stains, couple repaired 2” tears at top edge, several interior tears with insignificant paper loss. Overall general wrinkling to surface. Appearance is quite nice, and I would call the overall condition very good to fine. This is only the third one of these I’ve seen in 25 years. I sold a superb condition example (on linen) in 1988 for $6,500, and another one with worn folds, minor soiling and rough edges for $3,850 in 1991. I don’t recall another in the past 9 years. A classic of political Americana. Will look super when properly framed. 5,500.

2 Spectacular and unique grouping on the death of Major General James B. McPherson before Atlanta, July 22 1864. Exceptional three page autograph letter signed of Gen William Tecumseh Sherman “Headquarters Military Division of the Mississippi–in the Field–near Atlanta-July 24 1864”. Addressed to Gen Lorenzo Thomas, Adj Gen US Army, Sherman reports the death of his trusted confidant in glowing praise. Possibly the finest letter extant of Sherman, the full text is as follows –

“General It is my painful duty to report that Brig. Genl. Jas. B. McPherson U.S. Army, Major General of Vols. and Commander of the Army of the Tennessee in the Field, was killed by a shot from ambuscade about noon of yesterday. At the time of this fatal shot he was on horseback placing his troops in position near the city of Atlanta, and was passing by a crossroad from a moving column towards the flank of troops that had already been established on the Line. He had quitted me but a few moments before and was on the way to see in person to the execution of my order.

About the time of this sad event, the Enemy had sallied from his intrenchments around Atlanta, and had by a circuit got to the Left and Rear of this very Line, and had begun an attack which resulted in serious battle, so that Genl. McPherson fell in Battle booted and spurred as the Gallant Knight and Gentleman should wish.

Not his the loss; - but the Country and the Army will mourn his death and cherish his memory, as that of one who though comparatively young, had risen by his merit and ability to the command of one of the best Armies which the Nation had called into existence to vindicate its honor and integrity.

History tells us of but few who so blended the grace and gentleness of the Friend, with the dignity, courage, faith and manliness of the Soldier. His public enemies, even the men who directed the fatal shot, ne’er spoke or wrote of him without expressions of marked respect; those whom he commanded loved him to idolatry, and I his associate and commander, fail in words adequate to express my opinion of his great worth.

I feel assured that every Patriot in America on hearing this sad news will feel a sense of personal loss, and the Country generally will realize that we have lost not only an able Military Leader, but a man who had he survived was qualified to heal the National strife, which has been raised by designing and ambitious men. His body has been sent North in charge of Major Willard, Captain Steel and Gile, his personal staff. I am with great respect W.T. Sherman Maj Genl. Com’dg”

Letter is in excellent, clean condition, written in bold brown ink. Accompanied by unique finely hand engraved 2” silver medal inscribed “James Goff 70th Ohio 2nd D 15th Corps – in memory of General McPherson and Comrades (40 Rounds insignia) General Logan – on the 22nd of July 1864 in front of Atlanta Ga – Our flag lost this Star”. The medal is with a small gold star painted on a blue silk fragment, obviously souvenired from a flag. This flag fragment, about 1¼ X 2”, was presumably cut from the flag used at McPhersons funeral in the field. “Our flag lost this star” is an allegorical reference to McPherson as well as to the flag fragment. Medal in pristine condition.

Also accompanying the group is a rare Currier & Ives print “Death of Major Gen James B McPherson”. I was unaware of the existence of this print until it turned up in a New England auction last month. I purchased it to go with the letter and medal. 22,500.

3` Fire buckets with identified historical motifs are very rare. 13” leather bucket “Franklin Fire Society – Charlestown – Protection in Danger”, with owners name below – ( ) Tufts – only a couple letters in first name are legible. Central device is a large cenotaph (memorial urn) with initial W. This urn motif was used on a variety of medals, ceramics, prints and textiles circa 1800, in the months following Washington’s death. The most famous of these was a painted wooden one from a Massachusetts church, which sold for $25,300 in a 1991 auction. (photocopy info included) Some paint wear, but about 90% intact. The handle is a period replacement from first quarter 19th century. Charlestown is part of Boston. A most unusual rarity. The only other bucket I’ve seen with any reference to Washington has a full length standing figure of him in uniform holding a scroll. I sold that one about 10 years ago for $24,000. This one is priced quite reasonably at 7,250.

4 The finest fire trumpet I’ve had. 22½” coin silver, elaborately chased and engraved over the entire surface. Hallmarked by the maker “W. ADAMS NEW YORK”. Central cartouche inscribed “Presented to John W Van Boskerck - Ex Chief Engineer - Fire Dept Hoboken NJ – by members of Hoboken Engine Co No 1 and Washington Hook and Ladder Co No 1 December 25 1857”. Below that is engraved depiction of hand pumper “Hoboken No 1”. On opposite side is shown the ladder wagon “Washington No 1”. The broad flared bell has engraved scene of pumper and ladder companies at fire in multi story building. Superb quality and condition. It’s solid silver, early, from a well known city and has a great fire scene. What more could you want in a trumpet? 8,500.

5 Unique framed double set of the very rare 1861 Defense of Fort Sumter medals. On June 6 1861 the New York State Chamber of Commerce passed a resolution to honor the defenders with a medal to be struck in 4 sizes (with two different reverse designs). The commission was given to sculptor Charles Muller, & the medals were presented at a ceremony on May 1 1862. The medals were as follows: First Class six inch size for Major Robert Anderson. Portrait of Anderson, reverse with Columbia holding torch & flag on parapet of fort. Second Class four inch size for the nine commissioned officers, same design as preceding. Third Class was 3½” made for the 22 non commissioned officers. Andersons portrait is on the obverse, with the reverse depicting Sgt Peter Hart replacing the downed flag. Fourth Class in 2½” size for the 51 other enlisted men.

At the time the David Dreyfuss sale was catalogued in 1986 the six inch medal was thought to be unique. After the catalog was published it was realized that a second example was in the ANS collection. Several years later it was discovered that the Chamber of Commerce had in fact reserved a double set of 8 medals for themselves, which were encased so as to display obverse and reverse of each medal. The large 18X26X3½” wooden case is decorated with the Chambers name in deeply carved gilt lettering. Each medal is secured in a circular opening by revolving metal pegs, with a background of deep purple velvet.

A unique presentation set, containing two of the four (or five) known large size medals. Please note that I will not ship this item. It weighs about 35 pounds, & if the

6	Heavy brass nautical sundial 9" tall, 9" diameter. Revolving dials for month/day. The large month dial on face is inscribed "To Commander R E Peary USN from the Rt. Hon. Lord Alverstone, Lord Chief Justice of England, July 1910". Manufactured by Pilkington & Gibbs. Excellent condition. This was the year Peary published "The North Pole", following his discovery of the pole in 1909. He was on international tour at the time.	6,750.
7	I really like this. 9 X 12 bronze tablet from the Telluride mining strike. Upper part in design of American flag "Is Colorado in America?", with the 13 stripes displaying text with the miners complaints. Martial law declared – Free Press throttled – Free Speech denied – Wholesale Arrests – Right to bear arms questioned – corrupt corporations control the govt – mob law – militia strike breakers – etc. Scene below shows union miner Henry Makia chained to telephone pole for vagrancy and "refusing to work in a filthy cesspool under the bayonets of the state militia". Excellent condition, great content & graphics.	3,500.
8	Classic California gold rush $50 slug, 1851 Augustus Humbert, United States Assayer of Gold. Reeded edge, 887 Thous. Nice VF with none of the large rim dings often seen on these heavy coins. If most gold rush collectors want a single piece of California pioneer gold, they invariably look for one of these "slugs" as most representative of the era.	6,200.
9	Highly desirable George Washington clothing button "Long Live the President". Excellent smooth brown patina, original shank, choice VF. Some surface wear at highest point on right side of G. left side of W. A nice example.	1,450.
10	Previously unseen brass clothing button, broad impressed letters "A Jackson 1812". VF. Unlisted in Albert, ext. rare	500.
11	Rare oval shell button, profile "Washington". Reverse shank gone (solder residue). Circa 1820's – design the same as the famous Wolfe, Spies and Clark Jackson/Washington tokens. VF-XF	650.
12	Rare "Jackson Victory" backname button. Unlisted Albert 77 variety, as the obverse is not the usual blank button but rather a navy button with eagle/anchor/16 stars, type of Albert NA 66-69. Obverse brilliant XF, reverse somewhat worn from wear or polishing.	400.
13	Exquisite piece of memorial jewelry, early 19th cent. Oval 1" frame on 2½" stickpin, miniature painting on ivory of 5 people including 2 small children beside funeral urn on pedestal, willow tree above."Be what your mother was and claim the skies" in tiny letters above scene. Perfect condition.	475.
14	1" gold mounted necklace pendant, fancy filigree frame encasing miniature on ivory of Liberty with shield and liberty cap on pole. First quarter 19th cent, perfect condition	450.
15	(photo came out black – will hopefully replace before catalog goes to press) 1" ferrotype in brass frame, portrait Major Anderson "Our Flags Protector". Reverse ferro Abbott & Co, Melainotypes, Waterbury – NYC. Obverse portrait dark but perfect. Reverse bright and sharp.	125.
16	Unusual gold love token. Slightly larger than a gold dollar, obverse main building of Cotton Centennial Expo, New Orleans 1884. Reverse planed & engraved with monogram NOC.	90.
17	Heavy gold plated 3" badge "Guard of Honor to President Chester Arthur – Decoration Day 1882". Reverse engraved to George W. White, Rice Post 29, GAR. Clasp is blue/gold shoulder bar. No doubt very rare, medal is perfect, a little wear to red ribbon.	600.
18	Lg. Grant tintype by George Ayer, Portland. Spectacular condition in embossed stars CDV mount. Actual tintype is 1½" X 2".	700.
19	Charleston SC slave tag dated 1828 with the scarce "Porter" designation, #254. Signed LaFar on reverse. Excellent condition – one of the nicer ones I've had. Comes with long article about slave tags.	4,000.
	NOTE I have probably sold a dozen or so authentic slave tags in the past 10 years. I have collected a type set of these myself, recently adding both the Fisher and Fruiterer. I am looking for a Carpenter. I would caution anyone who is not very familiar with these against ever buying one on Ebay or at a flea market. At any given time there are several dozen slave tags on Ebay and virtually all of them are fake. Charleston SC is the only location for which such badges are known. All those from other cities, states or with various plantation names are modern fakes. There are also some fake copies of the Charleston tags that have been appearing. If you need advice on slave tags, feel free to call me. I would advise against buying one from anyone you don't know.	
20	Scarce enamel/gilt medal for the Primrose League, Disraeli's association of women who supported womens rights, suffrage, etc. Ribbon of purple/white (suffrage colors). Enamel bars for service 1886-87-88. In original hinged leather case.	300.
21	Exceptional rarity – Taft watch fob that swings open on pin to convert to a bottle opener. Catalog photo shows it partially opened. 7/8" blk/wht cello insert. Have never heard of another.	475.
22	Ext rare sepia cello mirror "Overland Model 38 Double Bucket 25 HP $1075". Brilliant image of 4 passenger roadster.	600.

25	Very rare 3" Henry Clay medal struck in black hard rubber, reverse with hand on Constitution. Julian PE-8. AU with couple scratches by rim.	300.
26	"Harrison & Reform" sulfide brooch with very unusual lavender/gray background. Original pin, chip at upper right corner of glass, minor flaws in background. Above average example.	1,250.
27	"Andrew Jackson President 1829" backname button, Albert 83, XF.	350.
28	Very rare Seymour pinback ferro, oval pic on red/wht enamel shield (with bit of blue in stars). Generally excellent, tiny wear at edge where prongs mounted.	975.
29	Lincoln/Johnson ferro. Lincolns face obliterated, Johnson side excellent if you want to display him. Lincolns name & shoulders fine, so the blacked out area was probably done intentionally by a disgruntled voter.	125.
30	Blue/silver silk stickpin, hat "Harrison & Reid". Haven't seen this before.	65.
31	Unique 1896 Indian cent, reverse shaved and engraved with beer barrel "Beer Legalized – Return of Prosperity – April 15 1933".	150.
32	Seymour ferro stickpin, bright fuchsia enamel rim, striking, choice condition.	200.

39	Very rare elongated cent, portrait with small pelican above, "Huey Long – US Senator – 1893 – 1935".	350.
40	These hard rubber tokens with paper litho portraits of Harrison and Cleveland advertise Plymouth Rock Pants. They are not rare as usually seen in black & white. This pair has blue portraits with red/blue lettering on blue hard rubber, and I have never seen them in color before. Cleveland excellent with one tiny chip. Harrison has chipping at lower left of

44	This superb piece walked into a shop in London in June while I was negotiating with the owner for enameled coins. 2½" mahogany bronze "Emancipation of Slavery Proclaimed Sept 22 1862", done by Hughes Bovy in 1865. While the medal is not particularly rare, it is never seen with its original fire gilt bronze eagle hanging frame. Choice AU. The only one I've had in 25 years.	1,,200.
45	Excellent tintypes Jeff Davis and Alex Stephens with original printed cards reverse with names…"President…Vice President of Southern Confederacy." Sixteenth plate 1 3/8 X 1 5/8. Bold portraits in excellent condition. Rare as individual pieces, exceptional as a pair.	1,950.

525	Lincoln-Johnson Ohio Union ballot, exc	235.
526	Extremely rare advertising currency, jugate portraits Lincoln-Johnson, actually says that it's a Treasury note and legal tender! Today this would be illegal. "Inauguration Wash DC March 4 1865", reverse long ad for Westbrook Co, NYC, basically selling cheap goods using a lottery ticket scam, or offering catalog for 10¢. I got this in a West Coast auction in August, and have never seen or heard of another.	1,375.
527	Ext rare leather wallet 3½ X 7 (catalog photo shows upper half). On either side of closure strap there's a large embossed portrait of Jackson in uniform "New Orleans January 8 1815". Fine plus condition (excellent actually considering its age) – no damage	1,950.

531	(see photo of silk broadside next to item #7) Massive 90mm mahogany bronze medal by C C Wright, done to honor Henry Clay for the Compromise of 1850, which effectively delayed the Civil War by years. Reverse lists accomplishments of Clays career. Nice unc in original leather case (hinge separated). This medal typically sells for a few hundred dollars. Accompanied by the very rare 7½ X 17 silk broadside "Presentation of a Medal to Mr Clay" from the National Intelligencer 2/10/1852, describing in detail the presentation ceremony with NY Citizens Committee, speeches, and intricate detail of the medal itself. Broadside is essentially mint (minor wrinkles). A great pair for display.	1,000.

534	2½ miniature match holder mug, multi portrait, striker on bottom	150.
535	Very rare sixth plate tintype Garfield, 2¾ X 3 ¼, excellent. I don't recall ever seeing a large tintype of any candidate from this period.	800.

544	Unique stenciled Lincoln banner on canvas 12 X 26, black lettering, red border, pale gray background. “Bee One Smarty – Vote Nov 6 1860 – Make Money ¢ + $, $ + ¢. Abraham Lincoln for President and Alexander Gardner for Vice President of the United States for America. Greatness and Sunshine for the Voter on Nov 6 1860. Free Molasses Cookies” Generally excellent condition, some minor soiling and fading. This piece was discovered in New England as a lining behind a framed pen & ink artwork (which is included with the banner). The dealer who sold it to me surmised that Alexander Gardner was the famous photographer, but that is very unlikely. Lincoln and Gardner had no contact prior to Feb 1861. The name is probably just a coincidence. I would guess that this hung in some tradesmans shop as a gimmick during the election, and that his name was Gardner. The mention of molasses cookies suggests the possibility of a bakery. A spectacular item worthy of the finest collection.	12,500.
545	Lock of hair of Mary Surratt, taken at the time of her execution by Samuel Curtis of the 8th Regiment. With photocopy excerpts from Curtis’ diary and of the original envelope/note which accompanied the hair when taken. The original lock was divided into several smaller ones and dispersed in the last few years.	950.
546	Extremely rare 8” Liverpool jug. Portrait Jefferson flanked by eagles, 12 line poem below praising him “The rights of man shall be our boast–And Jefferson our favorite toast-Republicans behold your chief-He comes to give your fears relief…”. Generally super condition. Outstanding quality restoration mainly to a thin crack going through part of poem. Minor ¼” glaze blister as made. Other side shows Justice, Liberty, cherub placing crown of stars on Washington’s head, all surrounded by linked states design with 15 states and 15 stars. I don’t know anyone who owns one of these – I bought it recently unaware that I had purchase another about 10-12 years ago, hence it is a duplicate in my own collection.	6,500.
547	Rare variety political flask 7¼ aqua, pint size. Uniformed portrait “Zachary Taylor – Rough and Ready”, reverse cornstalk “Corn for the World”, a comment on the fertile lands available with western expansion. Much more desirable than the numerous common varieties of Taylor flasks that depict Washington on the reverse. An added feature is that the portrait actually looks like Taylor! Perfect condition. Note that glass is very difficult to photograph, so instead of a photo I have used a line drawing traced and modified from McKearin’s American Glass.	800.
548	Another scarce flask, portrait “General Jackson”, reverse federal eagle, “J T & Co” below. Aqua pint 6½, not to be confused with the common olive amber “Washington/ Jackson” flasks which sell for a few hundred dollars. This is a mate to the extremely rare John Quincy Adams flask, & as such was obviously made for the campaign. Perfect.	1,200.
549	Incredible early anti Klan broadside 10 X 16, dated 1871. “Plan of the Contemplated Murder of John Campbell”, illustrated of Klansmen in robes & grotesque masks, “KKK” on hoods, their captive kneeling with rope around his neck. Event at Big Poplar, Moore County NC. Staunch Republican Campbell was declared an enemy of the Klan, kidnapped and taken to woods. One of the Klansmen was undercover secret service agent Joseph Hester, who at the last minute gave the command for the arrest of the suspects. Much more info included. At the bottom of the broadside is inscribed in ink “Dear Father – You will see that the above is genuine – Show it to Dr Hall and others who believe in no Ku -Klux. CHP”. Superb!	1,350.
550	Outstanding symbolic presentation item – the hilt of a sword (1842 dragoon sabre I believe) from which the blade has been broken off, leaving just a ¼” bit remaining. Brass hilt engraved “Secretary Bryan to Senator Lodge – The Blade is Now a Plowshare”. Noted pacifist Bryan was Wilsons Sec of State when WWI began. Lodge was your basic imperialist hawk, & Bryan was no doubt hoping influence his views on the pending conflict. One of my favorite pieces in the catalog.	1,750.
551	7 X 4½ X 3 multi Span Am War tin. Four sides depict McKinley, King Alfonso, Havana harbor, NY harbor. Lid has battleship New York. Sides exc, various scrapes on lid make it VG-fine, overall fine plus.	175.
552	Heavy 14” Bowie knife, 9½ blade, thick stag handle. Made by Case for 50th Anniv Great Smoky Mountains Natl Park. Portraits FDR (1934) and Reagan (1984). Pristine mint condition in original fitted case. I was told this retailed for $400 when it was made.	250.
553	4” bust TR, Eureka Soap, Cincinnati. Rare	185.
554	I really like this! 3” remnant dark brown cloth affixed to 5 X 8 paper inscribed in brown ink “Piece of John Browns Coat I took off him at Harpers Ferry in the Virginias on that night of his capture by us. Sgt Ned Williams”. Reverse also inscribed in his hand “John Browns Coast Oct 17 1859”. Sharp legible writing, a great display piece.	2,750.
555	Large cast iron artifact of undetermined purpose. Circular part 6” diameter with black bust Lincoln raised on whitish background. Heavy pointed shank 8” long. The shank apparently was inserted in wood, brick or masonry. This might have been some sort of bumper stop for a gate, or perhaps something to secure a horse or carriage.	200.
556	Outstanding printed form letter from the Massachusetts Vigilance Committee, Boston 1854, decrying the evils of the Fugitive Slave Law and soliciting contributions for the Underground Railroad. Letter sent to minister in Holden Mass, asking that it be read at church and a collection taken. Terrific content about the danger and suffering facing free blacks as well as slaves. A free Christian minister had recently been seized and kidnapped into slavery. In excellent condition, and of the utmost rarity.	2,850.
557	4½ X 8 printed pro slavery broadside, giving religious & political justifications for slavery in the US & for the right of each state to decide. Says the war could have been avoided if everyone adhered to these principles. Obviously war date, more than likely from a border state. Light waterstain, fine.	500.
558	8½ X 9½ cardboard Contributors Certificate for Socialist Part, signed in ink by Eugene Debs as National Chairman. Red/wht/blk with clasped hands logo. Mint	700.
559	Handwritten autographed quotation signed Wendell Phillips “Count that day lost….(4 lines)… These lines John Brown taught to each of his children”. Dated Jan 1865. Excellent	225.
560	Breckinridge-Lane ballot from NH, mint	100.
561	(photo shows upper third of item). Very large ballot 5 X 24 listing 86 candidates. Great scene at top “Regular Ticket Workingmens Party California – The Chinese Must Go…” Large foot labeled WPC kicks Chinaman into the ocean. Bottom of ballot reads “No Chinese Immigration”. William White was the candidate for Governor. This was 1879, and he got 28% of the vote.	250.

BORN TO COMMAND

KING ANDREW THE FIRST

KING
ANDREW
THE FIRST.
"Born to Command."

A KING who, possessing as much power as his Gracious Brother William IV., makes a worse use of it.

A KING who has placed himself above the laws, as he has shown by his contempt of our judges.

A KING who would destroy our currency, and substitute *Old Rags*, payable by no one knows who, and no one knows where, instead of good *Silver Dollars*.

A KING born to command, as he has shown himself by appointing men to office contrary to the will of the People.

A KING who, while he was feeding his favourites out of the public money, denied a pittance to the *Old Soldiers* who fought and bled for our independence.

A KING whose *Prime Minister and Heir Apparent*, was thought unfit for the office of ambassador by the people:

Shall he reign over us,
Or shall the PEOPLE RULE?

SLAVERY AND TRUTH.

The institution of Slavery presents itself to some minds in these two aspects. *Religious* and *Political*. The former more particularly concerns the Church—the latter the State.

Religiously viewed, it is not to be regarded as a Divine institution like the Sacrament of the Lord's Supper or the Marriage Covenant, but as a providential condition of society, recognized and regulated by the Holy Scriptures, and as such to be tolerated by Christian people where it exists by law—always acting in strict conformity to the inspired precepts concerning it. This is according to the course pursued by Christ and his Apostles, and this is the view given by every standard commentator of the Bible.

Slavery, politically considered, is an institution of our country which each State has a perfect right to tolerate or repudiate at pleasure. Any interference in [illegible] on the part of one State or section of the country towards another, is a breach of covenant between the parties, which every Christian patriot and every citizen should deplore and rebuke.

If the principles contained in
ations had been duly regarded,
nation would now be involved i
conflict?

COOLIDGE SAYS DISABLED VETERANS ARE GETTING ALL THAT IS COMING TO THEM.

"To state that the disabled veterans and their dependents are entitled to this additional gratuity is to state that the nation is not meeting its obligations to them. Such a statement cannot be truthfully made. The nation has spent more than two billion dollars in behalf of disabled veterans and dependents of those who died."
Coolidge in message to Congress May 15, 1924

JOHN W. DAVIS SAYS THE MONEY HAS BEEN LARGELY STOLEN OR WASTED.

"If the wounded veteran has been defrauded of the care that was his due, is there any comfort to him in the fact that Congress made lavish appropriations?"
Davis at Sea Girt, N. J., August 22, 1924

Coolidge Has Had More Than a Year to Clean Up the Veterans' Bureau. He Has Done Nothing.

BLACK DAY

We, the Independent Young Americans, do hereby call upon the citizens of the United States to join with us this October 4, 1937 in proclaiming universal mourning for the travesty on justice which is this day begun as ex-senator Hugo Black, proved member of the Ku Klux Klan, which organization is dedicated to racial and religious intolerance, bigotry and class hatred, takes his seat as a duly appointed and confirmed Associate Justice of the Supreme Court of the United States, highest Tribunal of our Democracy and safeguard of equity, justice and liberty.

Whereas this travesty on justice is now begun, we proclaim that henceforth October 4, 1937 shall be known in the history of the United States as **BLACK DAY** and shall be so mourned each year as the ***Blackest Day*** in the history of American Justice.
